## Scout Troops Pitch Camp In Bailey Canyon; Court Of Honor Makes Merit Awards

Local Boys Qualify As Representatives To District Camporal

Thirty-eight Boy Scouts of Sierra Madre's two troops battled a heavy mist and dark skies last weekend on the occasion of the local qualifying Camporal, and proved their out-of-door skill in the face of adversity. Four groups of boys, the Fox and Tiger Patrols of Troop No. 1, and the Flying Eagle and Panther Patrols of Troop No. 2, qualified to represent this city's scouts at the district camporal in Oak Grove Park, Pasadena, May 5 and 6.

Judged on their skill in pitching tents, fire building, cooking and camp management, the scouts staked out their camp in Bailey Canyon early Saturday afternoon, returning home Sunday evening. Colonel H. B. Hersey and Ralph Cleveland were judges of camp setups; Converse Twycross, George Cable and Fred McLellan judged foods, Twycross, Norman Jensen and Ray Hemming were judges on clothing and equipment; and R. Newberry and James Kelleher judged campfires.

Patrol leaders for the two-day period were Gale Hersey, Charles Collins and John Colbert. Arthur Evans acted as camp master, while Ray Hudson and Henry Neutzel were his assistants. Sunday morning Rev. W. H. Hannaford, Troop 1 Chaplain, conducted Protestant services in the Canyon, while Catholic scouts from Troop 2 went to mass at St. Rita's shrine.

Headquarters camp cooks were Stanley Fish and George Cable, who contributed slumgullion stew and other camp fare that brought high praise from all present.

## PTA Officers Chosen At Annual Meet

Work Of Camp Fire Girls Judged And Value Of Play Stressed In Talk

Mrs. Boyd Easton Keith was elected as president of the Parent-Teachers' Association to succeed Mrs. Warren O. Preston, at a meeting of the organization on Wednesday. Mrs. Harold Roberts will be first vice-president for the coming year, Mrs. McCartney, second vice-president; Mrs. E. D. Robertson, secretary; Mrs. Warren O. Preston, parliamentarian; Mrs. Lucille Clark, historian; Mrs. C. Noshier, auditor, and Mrs. Pat Wastun, corresponding secretary. "Children's leisure time," was the topic of a speech by Miss Grace Adams of the Los Angeles Playground Commission. She stressed the fact that supervised play aids children greatly in learning to meet emergencies. It builds the child's health and teaches him to care for his own health.

The Campfire Girls presented a play, written and directed by Mrs. Florence Eakman. Their work was displayed and awards given by their leader, Miss Jane Manning, as follows: Anna Sue Adwell, home honor, craft and service; Muriel Downs, craft and service; Betty Simmons, home honor; Norma Sexton, home honor; Norma Hogan, home honor; Marjorie Croan, home, craft, and service; Doris Bever, home, honor and service; Betty Penn, home honor; Lois Lovell, home honor; Lorraine Hobson, home honor, craft and service; Dorothy Linn, home honor.

## Today Is Deadline For Payment Of 33-34 Assessments

At 5 p.m. today the payment deadline falls on 1933-34 taxes, and emergency legislation designed to aid property owners with a partial payment plan goes out of effect. County taxpayers are warned by W. O. Welch, county tax collector, that if taxes are not paid by today, an 8 per cent penalty is imposed on the first delinquency, and an added 3 per cent for the second installment. An added 50 cent penalty is added for each item delinquent. The installment or redemption plan provided by the Legislation that goes out of effect today may be taken advantage of only if current taxes are paid in full. Failure to make any of the required payments will cause all payments to be forfeited, it is stated.

Value Of Scout Training To Youth- And Community Shown Audience Of 200

An audience of nearly two hundred loyal supporters of the Boy Scout movement attended the Court of Honor of the Pasadena-San Gabriel Valley Council in the Congregational Church here Monday night, and witnessed the awarding of various Boy Scout honorary awards to local boys.

Joseph Hinojos, of Troop 2, was awarded the highest honor of the evening when he received his Life Scout Badge. His ranking now is but one step under the Eagle Scout, scouting's highest position.

First Class insignia was given to Joe Morgan and Leroy Walsworth of Troop 1, while Second Class badges went to Troop 2 members including Francis Bradley, Joseph Burns, Jacob Christensen, Ralph Cleveland, William Cleveland, Ellett Jackson, George Kohl, Phillip Kohl, William McDonald, and James McLellan. Chairman Gerald P. Hemming made the awards.

Speakers of the program, who discussed the advantages scouting offers to boys and its value to the community and Nation, were Roy Shetler, local Legion post commander; Arthur O. Pritchard, pastor of the Congregational Church; Father Hyacinth Clarey, of St. Rita's Shrine; Norman Jensen, chairman of the community executive committee; Arthur Evans, local commissioner of scouting; and Pasadena Council executives Morton and Teaney. Sierra Madre Legionnaires attended the ceremonies in a body, displaying post colors. A delegation representing the Kiwanis Club was also present.

On the same evening, although not as a part of the Court of Honor itself, four boys were given their Tenderfoot Scout badges by Colonel H. B. Hersey and Ralph Cleveland. They were Sam Embree, Troop 1; and Arthur Schiltz and Donald Jackson of Troop 2.

## School Kids Win Prizes In Exhibition

In the first division, including the 6th and 8th grades, ribbons were given to Robert Hobbs and Bonnie Lass, first; Melva Scott, Barbara Gerschler, Ralph Caplunga and Donald Tarr, second; Irene Dalzell, Bob Zamzell, Truman Stivers and Rosita Howland, third, and Arthur Caplunga, Betty Penn, Bud Hartman and Bonnie Lass, special awards. Winners in the second division, first to third grades, were Billy Kinney, Geraldine Llyard, Margaret Young and Mario Orio, first; Paul Rudy, Freddy Vanderpool, Christine Keys and Lyrel Weese, second; Sidney Shutt, Janet Gerschler, Hubert Tuttle and Joan Hinckley, third.

Judges for the show were Mrs. Florence Eakman, Dr. John Woehler and Jack Hosford.

## Full Mail Service Will Be Resumed May 1 In This City

Full two-day mail delivery service will be resumed in Sierra Madre on May 1, according to Postmistress Jessica Wright. On that date the Postmaster General will also issue cancellation of general curtailment orders, and payless furloughs will be discontinued. This will affect two substitute carriers locally, who will be given increased employment to meet normal office and delivery service.

Business increases warrant resumption of the two delivery service, postal authorities state, and dispatches from Washington, D.C., indicate that there will soon be a \$1,500,000 appropriation for added employment of substitutes on mail routes and in offices.

## Firecracker Permit Issued Out Of Season

Spring doesn't pay any dividends in the opinion of J. D. Springston, of 257 North Baldwin avenue. That highly touted season brings fruit on his trees, but, alas, it also brings hungry sparrows and other feathered pests.

So Monday morning J. D. Springston went to the Police Department on a unique mission.

"Give me a fire cracker permit," he politely requested. "The Fourth of July," admonished Chief McMillan, "is 10 months past, and more than two months to come."

"Not pleasure," quoted J. D. Springston, "Business. Fire crackers scare birds. Birds fly away. My fruit stays where it belongs. . . . Do I get the permit?"

He did.

## Legion And Kiwanis Ball Teams Tangle In A Game Tonite

This is an open date on the schedule of the Sierra Madre Baseball League, but two local clubs will tangle on the school-ground diamond when the Kiwanis Club team meets the Legion this evening. This game is in the nature of a practice tilt for both teams, and while it will have no championship bearing, should prove exciting and furnish a lot of fun for everyone.

Adults wishing to attend the game are promised the co-operation of both teams in an effort to curtail the actions of rowdy children and provide an enjoyable evening.

## Meeting Tonite To Elect Historical Society Officers

Officers will be elected at a meeting of the Sierra Madre Historical Society this evening in the Council Chambers of the City Hall at 8 o'clock.

Miss Frances A. Willis will give an informal talk after the business meeting on "Old California Days in Los Angeles and Vicinity." A full attendance is desired and visitors are cordially invited.

## Celebration Is Arranged For School Week

High Masonic Official Headliner At Public Meeting On Tuesday Evening

The local Masonic Lodge will be in charge of the public observance of Public School Week next week, April 23 to 28, it was announced by Miss Elizabeth Steinberger, school principal, yesterday. Ralph Merriam, Senior Steward of the Masonic Grand Lodge of California, will be the guest speaker on the special public observance program being presented in the auditorium Tuesday night at 8 o'clock.

In order to stimulate wide public interest in the week's activity, Mayor H. Clay Reavis issued the following proclamation:

"The attention of all citizens is respectfully invited to the 15th annual observance of Public Schools Week, beginning April 23. During the activities of this week in the communities of California the citizens of our State are given an opportunity of witnessing the actual work of our schools by visits to the schools, by attendance at meetings and by listening to radio programs.

"In these critical times of economic distress it is especially important that the real function of our schools be more thoroughly understood by our people generally. California has been for many years a recognized leader among the States of the Nation in her educational program and it is to assist in maintaining this leadership, and in keeping up the high standard of our schools, that this annual week's observance is held.

"We urge our citizens, therefore, to give the fullest cooperation to those having charge of the activities of the week.

H. CLAY REAVIS,  
Mayor of Sierra Madre.

## John McGroarty To Tell Local Forum Of His Candidacy

John Steven McGroarty, noted Southern California writer and author of the Mission Play, will speak at the Forum Society meeting at the City Hall Tuesday night regarding his candidacy for Governor on the Democratic ticket.

## Ball Teams Join P.-T. A. In Appeal To Check Rowdiness Of Ill-Mannered Children

Members of the Kiwanis and American Legion baseball teams have joined the Sierra Madre Parent-Teacher's Association in a protest against the ill-mannered conduct of local children at entertainments in the school auditorium and at baseball games and other outdoor events. The rowdiness of the children has been such as to discourage many adults from attending any events here at which children are permitted and amounts to little less than a public scandal.

In last week's issue of the SIERRA MADRE NEWS the P.-T. A. appealed to the parents of local children to correct the situation. Members of the two call teams have asked THE NEWS to publish the following communication:

## AN APPEAL TO MOTHERS AND FATHERS

"Due to thoughtlessness on the part of certain unruly children, the local ball teams are in grave danger of being deprived the use of the school grounds, which would mean the exit of night baseball in Sierra Madre.

"The ill conduct of a number of the children has kept many adults from the games and spoiled the enjoyment of the pastime for those who did attend. Not only have their actions in and around the stands disturbed those who would like to enjoy the games, but in several instances some of the boys have made their way into the lower school grounds and destroyed certain property and gardens. The children responsible for this condition do not come to the grounds to watch the games and derive no enjoyment or benefit from them, but simply make it unpleasant, to say the least, for those who otherwise would enjoy them.

"Kindly appeals have been made direct to the children on different occasions, but with little or no success, and the management of the various clubs, as well as the school authorities, would appreciate parents instructing their children in regard to the behavior expected from them before allowing them to attend the games this season.

"Until the regular school vacation starts, children are not permitted on the grounds at night, with the exception of Friday night, and unless the nuisance that has been evident in the past is remedied, it may be necessary to bar them from the grounds EVERY night, unless accompanied by their parents.

"Fundamentally, baseball is a good clean healthful sport that can be enjoyed by players and spectators alike, and it is to be hoped that all parents, whose children attend the games, will do everything in their power to see that their particular child conducts itself in a manner that will not be offensive to others."

## Bacon Burns Siren Sounds Firemen Respond

A fairly commonplace household happening brought out the Sierra Madre fire department Monday afternoon, and caused the alarm siren to bring half the town out onto the sidewalks to look for smoke.

Mrs. C. W. Ford, of 463 Ramona avenue, forgot the bacon in the broiler (even as you and I). The next thing she knew smoke was pouring out of the kitchen—alarmingly. Hastily the firemen were summoned. Before their arrival she remembered the bacon—it was "extinguished."

## Vote Reavis New Term As City's Mayor

Council Committees For Next Two Years Are Immediately Announced

Mayor H. Clay Reavis was unanimously voted another term in that office at the organization meeting of the City Council Monday night after the vote cast at the recent municipal election had been canvassed. His name was presented by Councilman W. O. Preston, one of the holdovers. City Clerk Waverly E. Pratt presided while the selection was made without oratory or frills and the Council proceeded with its business as though a new Mayor were elected as a part of the routine of every session.

The vote canvassed showed Reavis had received 334 votes, William R. Lees 332 and Lester K. Layton 327. Showing that he rather anticipated a re-election, or else that he believed in preparedness, Mayor Reavis immediately upon his re-election pulled a list from his pocket and announced the committees of Council, the Councilmen being assigned to the same posts they have been filling.

Business Manager Myers and the City Engineering Department submitted a report expressing satisfaction with the new Sturtevant Road bridge and recommending its acceptance.

## More Fine Homes Here Contracted For; Demand For Properties Growing

Increasing Inquiries Reported By Building Inspector And Realty Agents

That there is a healthy and vigorous expansion underway in Sierra Madre building operations and real estate transactions is evidenced by various local real estate agents who reported a decided uptrend in business and an increasing inquiry from out-of-town for homes and homesites here.

In keeping with the beautiful natural setting provided by his location, W. L. Tibbals has taken out a permit for a story and a half Spanish residence on his Morton avenue acreage recently purchased through W. R. Humphries. Mr. Tibbals is a Los Angeles official of the Western Auto Supply company. C. M. Rogers, Pasadena builder who supervised the erection

## Wagner Act Is Endorsed By The Forum

Unanimously Approves Measure As Strengthening Rights Of Labor

By unanimous vote the Sierra Madre Forum endorsed the pending Wagner industrial bill at the Tuesday night meeting in the City Hall, after several speakers had reviewed the legislation in its various aspects. Victor O. Schmidt was in charge of the presentation of the discussion, while John H. Osgood read a comprehensive paper by J. K. Semple on the bill.

The United States Chamber of Commerce and the National Manufacturers' Association were denounced for their concentrated attacks on three vital measures of the President's program, namely the Security Act, the Twaguel Food and Drug bill and the Wagner act.

Among the chief aims of the Wagner act, Schmidt stated, "is the strengthening of the rights of labor by forbidding employers to interfere in any manner with labor organizations in their plants; by provision that a majority of the workers in a plant has a right to speak for all the group; by guarantee of recognition of labor organizations by employers.

"The act would create a new permanent labor board of seven members, three from the public, two from the employers, and two from the labor. This would replace the present board of 11, of which Wagner is chairman. Such a board would have the right to act in any disputes arising from unfair labor practices.

Mr. Osgood read the Semple paper.

"It is in the category of reform," he said at the outset, "that the Wagner bill and all NRA legislation should be considered." The bill is an effort to remedy some conditions that have arisen as a result of defects recognized in the hastily constructed NRA machinery." Osgood pointed out that section 7A of the NRA act theoretically guaranteed both employer and employee the right to collective bargaining and organization, but that in practice the industrialists who gained strength through the NRA refused to recognize labor's full right.

Marcus Schmidt, Mr. Osgood and O. Crowell, introduced by Victor O. Schmidt, gave a review of Dr. Glenn Frank's recent Los Angeles lecture on "The Sword over Education." The title of his talk, they pointed out, purports that "the sword over education is a two edged sword, encompassing the lag in the institutions brought about by their failure to function in consonance with present conditions, and the emasculation of public educational systems by budget cutting."

Harold D. Carew, who presided over the program, cited the opposition of the financial power of the country to the Wagner bill, and pointed out that the interests and objectives of that group would necessarily differ from those of the average community, especially in western areas.

## Children's Guild And The Drama League May Consolidate

A proposal is now under consideration by the Board of Governors of the Municipal Drama League and by Mrs. Florence Eakman, director of the Children's Dramatic Guild, that the two bodies consolidate for mutual benefit. It is definitely understood that the organizations would continue to function under separate direction, but would cooperate in play productions.

Interest in Mrs. Eakman's Guild has grown to such an extent that now, with an enrollment of 45 children between the ages of five and 12, membership is closed.

tion of the new Pegler home, is the contractor.

William A. Lachtrup, roentgenologist, of Los Angeles, has just purchased through the Humphries office the Mariposa street property formerly owned by Mrs. M. Pearl Arthur who is no living in Los Angeles.

Abby De Avirett, well known musician of Los Angeles, through the Humphries office has sold his holdings on Alta Vista Drive to Donald H. Abbott, a musician connected with the M.-G.-M. studios in Los Angeles. Mr. Abbott and his mother intend making extensive improvements on the property and have already taken possession.

E. C. Wilcox, Los Angeles restaurateur who recently purchased an acre in Floral Valley through the Andrews & Hawks agency, is having plans drawn for a white stucco and red tile home of Spanish design that will be completed by September 1, and R. H. Barnhart of Beverly Hills is taking bids on the home he will build at once on the lot at Central and Morton avenues he acquired last week through Woodson Jones of the Sierra Madre Realty company.

Mr. and Mrs. Anton Holcomb are building a fine \$6500 house on their recently purchased estate at the corner of Elm and Auburn, and W. B. Durham has bought the lot opposite the Holcomb property with intention of building within a few weeks. In Alta Sierra Madre work will commence immediately on the new home of Mr. and Mrs. Sydney Jewell, directly opposite the Col. Hersey home, while in Pegler Park a 150 foot frontage has been purchased by R. W. Carlson who announces plans are being made for the home he will build at once.

The slightly Vista Circle drive residence of C. H. Johnston has just been completed, and R. M. Hicks, of Oakdale Drive is building an addition to his home. At the corner of Manzanita and Sunny-side, the Noak home will be completed by the first of May, and E. Moehler will commence construction of his Pegler Park residence, having completed the garage. Both these properties changed hands through the Humphries office.

Thou shalt be steadfast, and shalt not fear: because thou shalt forget thy misery, and remember it as waters that pass away.

In the darkest hour through which a human soul can pass, whatever else is doubtful, this at least is certain. If there be no God and no future state, yet even then it is better to be generous than selfish, better to be chaste than licentious, better to be true than false, better to be brave than to be a coward.

The honor guest was the recipient of a shower of handkerchiefs prepared by the 18 officers of the chapter and was presented with a pretty bed pillow, flowers and the customary monetary gift.

The dinner decorations were carried out in lavender and yellow, her 1932 Matron's Association colors. About one hundred guests were present and the entire ritualistic work of the order was exemplified. ## Baby Girl Puzzles Physicians; Takes 20th Transfusion

State-wide publicity is being given the puzzling case of year-old Patricia O'Boyle, baby daughter of J. H. O'Boyle, of the firm of McDonald & O'Boyle Monrovia automobile dealer, widely known in Sierra Madre—in the hope that some specialist will respond with a remedy for her unusual ailment.

For this week little Patricia will have her twentieth blood transfusion. Her father has supplied the blood for the last 19. Temporarily, after each transfusion the baby is normal and healthy, but after the elapse of a month or so she becomes weak and must undergo another operation. She lacks red corpuscles in a sufficient number, and physicians have so far been unable to find a permanent remedy for her.

## STAGE AND SCREEN STARS IN FAMOUS RAMONA PAGEANT CAST

CLAUDIA LIGHTFOOT, FIESTA SINGER

SUPREME in its magnificent outdoor attractions, California's Oberammergau, the famed Ramona Pageant will be presented for the eleventh annual season in the renowned Ramona Bowl at Hemet Saturday and Sunday afternoons, April 21 and 22, 28 and 29, and May 5 and 6.

Edward Poorman, president-manager of the Ramona Pageant since its inception, has announced that in addition to a cast exceeding two hundred residents of Hemet and San Jacinto who yearly have taken part in the famous play, Jean Inness, Broadway favorite, will portray the title role, and Victor Jory, Fox Film star, will again enact the part of "Alessandro," the ill-fated lover of the heroine. This will be Mr. Jory's sixth season with the Ramona Pageant, and he is considered one of the finest pageant actors of the day.

Ralph Freud, well-known in the Southland as a result of his work at the Pasadena Community Playhouse, has been signed to direct greatest figures in theatrical an-

the pageant, and Gilmor Brown, whose name is synonymous with the Pasadena Community Playhouse, and considered one of the best today, will personally supervise the pageant at Hemet.

The pageant this year commemorates the 50th anniversary of the publication of Helen Hunt Jackson's famous novel, which has become the classic California romance of all time.

Starting at 3 o'clock each afternoon in the natural amphitheatre and ending two hours later, makes it possible for people to make the trip to Hemet from all parts of the Southland and return to their homes following the performance.

## Employment Jumps But Demand For Aid Is Mounting Also

Although California employment continues on the upgrade and the average weekly earning of the population for March was 4.5 percent above that of the same month in 1933, there has been also a steady increase in the demands for relief of needy families, individuals and transients, according to figures compiled by the S.E.R.A.

The State labor bulletin issued Monday shows that employment in manufacturing plants is up 7.8 percent from February, and 38.6 percent from March last year. But the number of relief cases handled in January, totalling 96,619, jumped to 99,378 in February, and in March there was a corresponding increase.

An aggregate weekly payroll of \$3,533,456, figured on the 1161 representative manufacturing concerns contacted, is a gain of 44.8 over a year ago, and 6.4 over that of February of this year. Yet, direct relief work cost the State \$1,853,613 in February, an increase of eight percent over the amount expended in January. Nearly \$2,000,000 was similarly spent in March, it is estimated.

## Intimate Stories Of Southern Countries Are Told Kiwanians

Colonel Wilbur Tupper, of Whittier College, gave an interesting illustrated lecture on his travels in Mexico, South and Central America, at the Tuesday noon meeting of the Kiwanis Club. While showing slides of the many artistically designed buildings of these tropical countries, he explained that the people there are more interested in their art than they are in material possessions. Pictures were shown of Guatemala, Nicaragua, Costa Rica, the Panama Canal, Columbia and Cuba, and Colonel Tupper told of the climate, growth and products of each. He related, incidentally, that 55 million bunches of bananas are shipped from the South American continent to the United States every year.

## Poison Fiend Puts Another Notch On Fiendish Record

Another blot appeared this week in old St. Peter's big book.

It didn't matter that Bert Smith's pet dog was tied up in his yard at 108 North Baldwin avenue. Whoever the fiend is who makes a business of killing Sierra Madre dogs and who has taken toll of a dozen canine lives in the last year, fed the animal a chunk of poisoned meat. Mortally sick he was taken to a Pasadena vet. Local police can find no clue to lead to the apprehension of the poisoner, though the offer of \$500 for information leading to the arrest and conviction of dog poisoners here and in Pasadena still holds good.

## Local DUVCW Tent Sends Delegates To G.A.R. Convention

THE local DUVCW tent at a meeting in the Park House Thursday elected delegates to represent it at the Grand Army of the Republic State Convention at Long Beach next month.

Mrs. Ethel Pendergast, senior vice-president of local tent, was selected as a delegate, and Mrs. Gretchen Newbery, will serve as alternate. Mrs. Newbery was appointed by President Mrs. Agnes Tyree to represent her at the convention and serve as aid for the local tent in the "Hymn of the Living Flag," a ceremony in the program of the convention. The convention will be held May 13 to 17 at the Elks Club in Long Beach, the delegates staying at the Willmore Hotel.

Completion Of New CCC Enrollment Is Anticipated Today  
Less than half the quota having been filled at the end of last week, the county welfare department continued this week to sign up new entrants for Civilian Conservation Corps Camps. The total quota of 1454 men will probably be filled by tomorrow, Harold W. Schwalm, Fort MacArthur District enrollment officer says.

In Los Angeles County alone there are 3000 youths registered for CCC work, and the new men will be chosen from this list to supplement those who have dropped out of the camps. Five of this county's six camps have been transferred to other states, and the fire prevention and control burden will be placed on the juvenile delinquent and single men's unemployed camps, according to County Fire Warden Spence Turner.

## PLANT A TWO PURPOSE GARDEN FULL OF ANNUALS

ANNUALS are grown both for their brilliant decorative effect in the garden, and for cutting purposes for the home. This duality, although certainly a happy combination, is oftentimes the cause of a sparsely flowered garden, due to the proneness of annual lovers to pick blossoms for the living room or as gifts to appreciative friends and neighbors. The gist of the matter is that far too few annuals are planted in the first place.

This unfortunate situation may be easily remedied, if the gardener will only think of these very desirable flowers from the two points of view, and make his plantings accordingly. That they must form a part of the garden itself is obvious, but in doing so they will yield only a small amount of cutting material for the home. So, it is necessary to make a second planting for cutting purposes only.

This can be done in a part of the flower garden where a little raggedness will not prove unnecessarily distasteful, or it may better be done in the vegetable garden, where alternate rows of flowers and vegetables will not only beautify that section, but furnish cutting material as well. In view of the fact that many of the vegetables are decorative in themselves, and that the clean straight rows have a charm of their own, it goes without saying that a very beautiful arrangement may be made. Many people, in fact, confine their gardening

to the vegetable patch, and do a supremely beautiful job of it, too.

What annuals to grow? Here is a question that few garden experts would care to answer, for there is such an array of outstanding types and varieties, that a selection of only a few is difficult to make, depending upon the likes and dislikes of the grower. Here are a few, however, that have always been popular, and that probably will remain so for many years: zinnias, marigolds, petunias, asters, poppies, annual larkspurs, mourning bride and salpiglossis. There are many others which you might think more beautiful, but there are few that are grown more universally.

Plan to have annuals both in the garden proper and in the cutting or vegetable garden this year. You will find that only in this way will you have sufficient blossoms to fill your needs and desires.

By Henry Ivins Hawxhurst

THERE are many "dons" and "dos" in the teaching of humanity but there are more "cant's" than "cans" in a lot of us who wobble thru life. Our law is full of "cant's." Our religion is full of "dos."

Old Confucius couched the first version of the Golden Rule and the famous fiction character David Harum embellished it to read: "Do unto others as you would have others do unto you but do them first" . . . chiseling as we call it today.

Admitting that one cannot do a thing before one tries is a case of soliciting a licking before it is honestly earned. We do not have to live very long in this life before we experience a feeling of physical let-down . . . when "cant" fairly oozes from every pore . . . when you want to find some willing shoulder to sob upon. But the chances are the fellow who lends his shoulder to park your grief upon has more real troubles than yourself only he has not let his "cant's" get him down. He has submerged them with "dos."

The depression that we all have been floundering through was more vast and far reaching than any history records . . . it seems today that everything is growing bigger, if not better. We experience more thrills and more grief today, in a given space of time, than in past generations. We do everything in a big way these days, the god of speed dominates us.

We wrote some time ago that the greatest art of them all is the art of living and if there was a time when we should all practice this art, to the nth degree, it is right now.

Many will recall Elbert Hubbard and his famous Philistine whose pages were liberally sprinkled with his well known slogan "Don't bellyache." In other words cut out the "cant's" and make the "dos" do it.

ILLINOISANS WILL PICNIC The Illinois contingent in Southern California will hold its annual spring picnic reunion all day, Saturday, April 28th, in Sycamore Grove Park, Los Angeles. President Henry J. Brubaker will preside.

## Monrovia Gives An 8-Acre Tract For Unemployed Garden

An eight-acre tract of land near the Monrovia high school was donated by Henry J. Weber of that city to the county for use in the program of unemployed garden farms which is expected to take 10,000 families from the relief rolls and make them partially self supporting.

Thus far 16 community garden tracts comprising approximately 600 acres have been located in the first supervisory district. Under the present procedure the county pays for plowing, seed, water and supervision, and families working are given all the vegetables they can eat or preserve. Surpluses are traded for citrus fruits and other commodities.

Walter S. McEachern, Altadena attorney who made a strong bid four years ago for the seat now held by Judge J. Russell Morton as Justice of the Peace of Pasadena township, is expected to announce his candidacy this week. Glenn Cutler and Roland Maxwell of Pasadena are already in the field. Morton's announcement as candidate for re-election is expected daily. William Fox, Pasadena attorney, has announced as a candidate against Judge Elliott Gibbs, who will be a candidate for re-election.

When the South Pasadena council canvassed the vote cast for Councilmen at the recent municipal election it was revealed that a tie existed between two candidates who had fought together during the campaign. The Council therefore organized with out four members. There were 12 candidates in the field and 1389 votes were cast. A special election will probably be called, neither of the men for whom the tie votes was cast wishing a recount of the ballots.

Giant steam shovels, tractors and scrapers are at work on the site of the race course of the Los Angeles Turf Club in Arcadia. Two feet of earth are being removed from that part of the 215-acre tract that will constitute the track. It is being dumped to fill in the center of the track. The grading will require from six to eight weeks.

According to County Registrar of Voters W. M. Kerr, 1386 offices, of one kind or another, will be filled at the approaching election in Los Angeles county. Each political party will elect 210 members of its county central committee. Candidates for judicial offices may file their nominating papers May 21. There will be 126 contests for State, county and city offices.

A fifth or twenty percent of persons who receive charity aid from the county are aliens, according to figures compiled by Capt. James C. Hughes, chairman of a committee appointed by Long Beach American Legion posts to investigate the problem.

John Robert White, Jr., of Glendale, has announced his candidacy for the office of Los Angeles county tax assessor at the coming primary election.

## Taxes Eat Big Hole In Income

by RALPH H. TAYLOR  
Sec. Agricultural Legislative Committee of California

AMERICAN government, during last year, spent nearly 50 per cent of everything that the American people earned.

Roughly estimated, the National tax burden amounted to about 24 per cent of the National income.

And on top of this colossal tax bill, government borrowed and spent—to be paid in taxes at some later date—approximately 25 per cent of the people's earnings!

Such, in brief form, is the story of governmental finance for 1933.

Translated into individual terms, it means that the average American citizen has assumed at 50-50 partnership with government—a partnership of vast responsibilities and tremendous significance.

To the California farmer, for example, it means that political harvests—temporarily, at least, are of equal importance.

Taking stock of the situation Californians will scan the list of candidates for State and local offices this year, as well as their platforms, with vital and personal interest, if they are alert in the protection of their pocketbooks.

And there is every indication that candidates for every office from Governor down will go to the electorate on programs of "economy and efficiency."

Sifting the wheat from the chaff, in the face of such conditions, will be a test of both voter-interest and voter-intelligence.

TALK ON 'HAWAII' ENDS AN INTERESTING SERIES

Upton Close, famous writer, lecturer, and world-traveler, will present a lecture on "The History and Romance of Hawaii," the evening of April 24, at Civic Auditorium, Pasadena, as the sixth and final event on this season's "Globe-Trotting Series" sponsored by the Pacific Geographic Society.

This will be an exceptionally fascinating program, filled with graphic descriptions and illustrated by gorgeous motion-pictures, covering the scenic workers of all the major islands in this mid-Pacific group, including some which are seldom visited by travelers since they are well off the usual lines of travel.

## Rain Of Hits Gives Locals Second Game

Sierra Madre Batters Get 3 Home Runs And Win By 22 To 8 Score

Twenty-one hits by Sierra Madre batters, including three home runs, marked a walkover baseball jubilee here on Friday night with East Pasadena Legionnaires the victims. The game ended with the score 22 to 8, with most of the eight runs the visitors got a present due to a letdown of the local players. Waverly Pratt started in the box for Sierra Madre. He was never more effective. Five Pasadenans fanned in the first two innings. After Sierra Madre had piled up 14 runs in the second inning Pratt went to third and Gwyn did the hurling. During the batting rally Evans, Young and Pratt scored homers. Evans also hit a threebagger, and Harkness, Reavis and Mathis got two-base hits. Pasadena made ten errors, and Sierra Madre five.

The presence of Chief of Police McMillan had a chastening effect on the juvenile rowdies who had routed most of the spectators

The new bridge is ornate as well as substantial, built of concrete and arched to let pass flood waters or debris. Sierra Madre officials had previously approved the finished bridge.

## Unique Party Planned By Church Club

Spanish Dinner To Precede Dance And Showing Of Rare Mexican Costumes

On Tuesday evening, April 24th the Women's Guild of Ascension Parish will give a unique entertainment at the Parish House. At 6 o'clock a Spanish supper will be served buffet style, with Spanish music and dances during the meal, furnished by troubadours and señoritas in colorful costumes. Later the floor will be cleared for general dancing.

There will be on exhibition some exceedingly rare and valuable costumes and curios collected by Mrs. W. Jarvis Barlow on her trips to Mexico, and those attending will have such an opportunity as is seldom offered to inspect some very rare and beautiful examples of Spanish and Mexican artisanship.

Two of the costumes which will be worn are so unusual that they are rated as museum pieces and Mrs. Barlow has planned to donate them to the historical museum in Los Angeles after this entertainment.

Mrs. Barlow will also exhibit her beautiful Spanish shawls and serapes. In the collection is one shawl of a very rare shade of coral, exquisitely embroidered, and another so heavily loaded with embroidery it would require a female Sampson to wear it with any degree of ease. There will be some unique pottery also. A fortune teller, who has the reputation of really foretelling will enlighten those curious ones who are anxious to peer into the future.

The Spanish motif will be carried out in the decorations which have been planned and will be supervised by Mrs. Barlow. Admission will be by reservation only and the number is limited to 100. Reservations can be made by calling Mrs. Dietz, 150-3, or Miss Edna Green, 111-1.

## Bank Notified 4th Liberty Loan Bonds Will Be Redeemed

Holders of Fourth Liberty Loan 4½ percent bonds of 1933-38 issue are notified that a portion of the bonds have been called for redemption October 15, 1934, on which date interest on such bonds called for redemption will cease.

Bonds may not be surrendered before September 15, 1934, the Sierra Madre Savings Bank has been notified. The issue is distinguishable by bonds bearing serial numbers ending in the digit 8 or 2, such serial numbers in the case of permanent coupon bonds being prefixed by the corresponding distinguishing letter H or B, respectively.

Further information will be released later concerning redemption or conversion, according to officials of the local bank and holders are requested to be on the lookout for notices.

MISSION CHURCH WILL BEGIN REVIVAL SUNDAY  
A series of revival meetings will begin Sunday, April 22, at the Sierra Madre Mission Church on West Central avenue. Rev. Velma Leslie, Rev. Frances McDonald, and Sister Wright will be in charge. It is also announced that a Missionary prayer band will be organized by Mrs. Beatrice C. Biegeley, of Los Angeles, at 2 o'clock Sunday afternoon at a meeting to be held at 169 North Lima street.

## Complete Lineup Of Kiwanis Ball Team For Season Opener

Tuesday night the cream of the baseball crop—now lined up in the brand new Kiwanis outfit—tackles the strong California Bank team in its first regular game of the season.

Probably they'll be wearing their new uniforms. These uniforms are blue and white, with Kiwanis insignia on the shirt front. The lineup includes the pick of the defunct teams that last year made up the City League. Bus Brain will catch, with Lawrence Perry alternate. In the pitcher's box will be seen Jobie Kiggins, with Phil Hedlund warmed up for mound emergencies.

A strong infield is composed of Earl Marsh, Moreno Lorenzini, George Ross, Emile Smith and Bill Hadley. In the outer garden will be Carl Young, Fred Lalone and Robert Lalone.

This line-up will probably be continued throughout the season, during which the team will meet some of the best known independents in Los Angeles county. Team manager Cy Young announces that there will be an officer at each game to keep order, that the spectators may enjoy the play without interruption of youthful annoyances.

## Low Experimental Railroad Fares To Stick Until Fall

Announcement that the western railroads had extended until September 30 the present low experimental passenger fares, including elimination of the Pullman surcharge, was received yesterday by C. W. Wetherby, district passenger agent of Southern Pacific Lines.

It was pointed out that travel by train has been increasing steadily since adoption of the low fares last December and that continued increase in patronage will be the factor in determining permanent adoption of the low fare schedules.

## A. L. A. Activities

An invitation has been extended to all members of the Legion Post to be guests of Unit 297 at our next regular meeting on April 26. A special program of entertainment is planned, beginning with a picnic supper at 6:30 and readings and music after a short business session.

Besides being Child Welfare month, April is also Past Presidents' Parley. This is an association of past presidents of Units, with the purpose of assisting ex-service women who may be in need. During the war, many women enlisted as nurses, and served both overseas and in the hospitals of various camps in this country. Many also enlisted as yeomanettes, to whom was entrusted a vast amount of clerical work. The Past President's Parley was organized to help ex-service women in every way possible. The Junior Past President of each Unit is always the chairman for that Unit.

The National jelly-making campaign started April 15. Not that we were expected to make a glass of jelly on that day! But it was the official opening date of a campaign which will begin in California and spread north and east as the season advances, lasting until late Fall.

In addition to her many other

duties our efficient Child Welfare Chairman, Helen Lovejoy, keeps up our welfare work and hands in good reports at each meeting. The annual district Child Welfare party was held in Arcadia last Wednesday.

The Juniors entertained their mothers and a few invited guests at the meeting April 7. Some of their work was on display—quilt blocks, favors, history, and publicity book, and many other items. The new chart of their

contest was also exhibited, showing how many credits each has earned. This group is a valuable asset to our Unit, and should be recognized as such. Its next meeting will be April 21st, 2 p.m., and Juniors, come—there is important business.

The new chairmanship of Fidac has been added to Mrs. Maybelle Barker's important duties of Americanism and National Defense in the American Legion Auxiliary. The new work embraces the entire foreign countries and their activities.
